Admissions

Entry to PPS

The Pawar Public Schools in Maharashtra are dedicated to nurturing well-rounded students who excel not only in academics but also demonstrate strong character, a positive attitude, and a passion for extracurricular activities such as sports, music and cultural pursuits. We welcome students to create a diverse, inclusive environment that reflects the varied talents and backgrounds of our communities. At PPS, our mission is to prepare students to thrive in a challenging academic setting, while also becoming active contributors to the broader life of the school.

While academic ability remains a key criterion for admission, we equally value students who demonstrate the potential to make the most of the vast opportunities offered both inside and outside the classroom. We seek to enroll students who are eager to participate in and enrich the school community, and who will carry the values and experience gained here into their future roles as leaders and change-makers.

Admissions to Pawar Public School is open at a multiple entry point, with a focus fostering a collaborative and cohesive student body. Our admissions process encourages early application to allow families to plan for their child's educational journey with us. We offer regular communications with prospective parents to ensure they remain informed about key milestones in the application process. However, it is the responsibility of parents to keep the school updated with any changes to their contact information.

At the Pawar Public Schools, we are committed to developing not just academic excellence but also future leaders who will make meaningful contributions to society, the communities, and the world.

Important Notice: Fees paid at the time of admission will not be refunded except the Refundable Caution Money Deposit in the event of cancelling the admission before the commencement of the Academic year.
